Fast Track Communications Executive Transition Underway

DURANGO, COLO. FastTrack Communications, Inc. (FTC) announced today that the company is seeking a new executive officer. Steven Dorf is leaving to begin an executive position with Kansas Fiber Network (KFN) in Wichita, Kan. “I saw this as a great opportunity to build a state-wide fiber network from the ground up,” says Dorf about his decision.

During the past three years, Dorf has helped FastTrack Communications expand its network, increase the customer base and streamline company operations.

“We appreciate Steve’s contribution to FastTrack Communications and we wish him the best in his new executive role at Kansas Fiber Network”, says Chairman of the Board Jasper Welch.

The Board of Directors has appointed an executive search committee comprised of experienced board members. The executive search will begin immediately.

The Board has also appointed Kelly Hebbard, as the acting General Manager during the executive office transition. Jason Lawton will continue in his expanded role as Senior Director of Network Operations. FastTrack Communications is a wholly owned subsidiary of La Plata Electric Association and Empire Electric Association, that provides telecommunications services to western Colorado and New Mexico markets.
